

TSUNAMI T1000-E

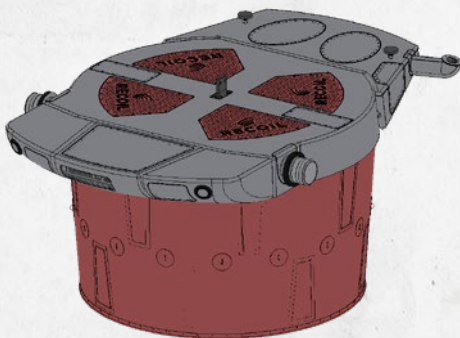

EXTERNAL WILDFIRE SUPPRESSION TANK

POWERFUL PAYLOAD DELIVERY

Recoil's lightweight Tsunami wildfire suppression tanks redefine firefighting capabilities for military and civilian helicopters with 1,000-gallon capacity.

CARBON FIBER COMPOSITE ADVANTAGE

- Stronger than Steel
- Lighter than Aluminum

BENEFITS INCLUDE

**Carbon Fiber
Composite**

**Simple Aircraft
Interface**

**Low Acquisition
Cost**

**Corrosion
Resistant**

**Pilot & Crew
Controllable**

Simple Operation

**Field
Maintainable**

Fail-Safe Design

**Easy Off-Season
Storage**

Overfill Protection

Foam Tank

AIRCRAFT APPLICATIONS

- UH-60
- AS332
- Mi-17
- S-70i
- H225
- AW189k
- S-92
- Mi-8
- EH101

TSUNAMI T1000-E

DROP MORE IN LESS TIME

The only carbon fiber wildfire suppression tank on the market, our extremely lightweight 1,000-gallon belly-mounted Tsunami tank doesn't limit aircraft performance like other options on the market. The field maintainable system requires only minor power aircraft modifications and features fast installation and removal times, a fail-safe design, and simple pilot and crew controllability. Deliver more rapid high-volume water drops in less time with Tsunami.

TANK FEATURES

- Foam Injection
- NVG Compatible
- Pneumatically Operated
- Environmentally Safe
- AC Snorkel Power Head
- Flight Crew Hand Controller
- Flight Control Integration
- Overfill Protection
- Computer Controlled
- External Hailing Speaker
- Pulse Lights
- Shipping/Storage Container
- Left or Right Side Snorkel Operation
- Industry's Best Warranty

OPTIONS

- Telemetry
- Data Vault
- Pilot/Crew Training
- Sea Snorkel
- Load Cell

SPECIFICATIONS

Capacity	1,000 US Gallons (3,785 Liters)
Fill Time	35–40 Seconds
Drop Time	5 Seconds
System Weight	550 lbs. (250 kg)
Powered By	AC Aircraft
Redundancy	Dual Retraction
Aircraft Modifications	Power
Foam Tank	30-gallon

WHAT CAN THE TSUNAMI DELIVER FOR YOU?

Contact us today to learn how a Tsunami tank can give you the competitive advantage to win and successfully execute wildfire suppression contracts.

ABOUT RECOIL

Established in 2008, Recoil has evolved into a global leader in lightweight carbon fiber composite solutions.

The Recoil Aerospace family of companies experience, expertise, and skill in developing strong, lightweight helicopter Tsunami Wildfire Suppression Tanks, Zeus Ballistically Tolerant Auxiliary Fuel Tanks, and Aero-Structure modifications allows our customers to increase mission performance in austere, hostile environments, providing a distinct global tactical advantage.

Recoil proudly supplies an international market base supporting the mission requirements and demands of our customers.
